

A608+

LONG TREAD LIFE DESIGNED FOR EVEN WEAR

STEERING/TRAILER
POSITION

ALL
POSITION

- **Widened tread and optimized rib ratio.**
Improves irregular wear resistance and durability, guarantees high mileage.
- **Zig-zag micro siping design.**
Enhances tread cooling and durability, provides excellent traction and wet weather handling.
- **wavy groove design.**
Prevents the common poor-traction issue when tyre has insufficient tread depth left.
- **Newly formulated tread compound.**
Enhances tread cooling and durability, extends tyre life.
- **Optimized outline design.**
Flat, stable contact area for long, even wear.
Optimized tyre structure provides comfortable driving and stable handling.
